TORE UP OUR FLAG.

Another Outrage Perpetrated by Spanish Soldiers.

BRITISH PROPERTY DESTROYED.

A Thorough Investigation Will Be Made by American and British Consuls—Real Object of Weyler's Embassy in Washington Found Out—Filibusterers Watched Too Close in Florida—Cuban News.

NEW YORK, April 16.—A dispatch to The Herald from Sagua La Grande via Key West says: News has just reached here of an outrage perpetrated near the town of Encrucijada by Spanish troops, who destroyed the property owned by the wife of the British vice consul, Mr. Harris, of Sagua, and tore up an American flag which the manager of the estate, George Harris, who is an American citizen, had draped over his bed.

The estate of Mrs. Harris, called La Palma, is about two miles from Encrucijada. During George Harris' absence the regiment Estremadura came along, burst open the locked doors and removed the daybook and other articles of value. Finding the flag in the manager's bedroom the soldiers carried it out, with many epithets, and tore it to bits. Having satisfied their vengeance upon the bit of bunting in the absence of its owners, they departed.

The matter was reported to Mr. Harris on his return, and he promptly laid it before the British and American consular representatives in Sagua, who will cause a thorough investigation. It is said that the Spanish assert that they had seen insurgents leaving the estate, but this is denied by the manager. The American consul at Sagua, his friends say, will make a full report on the flag incident. He is Mr. Barker, one of the most vigorous American representatives on the island.

SANDOVAL'S MISSION.

Real Object of Weyler's Embassy in Washington Found Out.

PHILADELPHIA, April 16.—A private meeting of Cubans and Cuban sympathizers was held in this city last night, at which it was decided to take steps to frustrate what the Cubans claim is the real object of Major Juno Sandoval's visit to this city. This is said to be the arrest of no less persons than the members of the Cuban junta in this country. It has been stated that Major Sandoval came to Philadelphia to purchase munitions of war to be shipped in the regular way to General Weyler in Cuba. Leading Cubans, however, assert that it is to gather information that will culminate in the arrest of General Estrada Palma at New York and General Quesada at Washington. The former is the minister of the so-called Cuban republic and the latter charge d'affaires at the capital.

It is asserted that Major Sandoval has been commissioned by General Weyler for this express purpose and is known to have in his possession documents found on the steamer Lanrada on one of her recent trips to Cuba, showing the part played by Generals Palma and Quesada in her movements. Should the arrest of the junta leaders result and the issue be made in court as to the liability of such a body, there will be a question of jurisdiction that will not only involve the interstate commerce laws, but also the questions of belligerency and the customs of nations.

WATCHED TOO CLOSE.

Filibustering Expeditions Will Be Sent From New York Hereafter.

JACKSONVILLE, Fla., April 16.—Dr. Joaquin Castillo, the Cuban leader, has gone north. It is stated that no more expeditions will be sent from Florida at present on account of the strict watch kept by government officials. The base of operations will be changed to New York. E. S. Gaylor, chief of the Philadelphia Pinkertons, is here in connection with the filibustering cases.

The case against the steamer Dauntless, seized by Collector of Customs Baltzell at Fernandina, Oct. 31, 1896, for violation of the navigation laws in that it was not provided with the proper number of lifeboats, came up for trial in the United States district court yesterday and after hearing the evidence Judge Locke promptly rendered a decision dismissing the case. The evidence of the local steamboat inspector showed that the owners of the boat had complied with all regulations.

HAVANA DISPATCHES.

General Weyler Preparing For the Rainy Season and Much Sickness.

HAVANA, April 16.—In view of the approach of the rainy season, Captain General Weyler has ordered the erection of an infirmary on the trocha and the extension of the military hospitals. New hospitals will be constructed under the supervision of the sanitary inspector general at Trinidad, Cusilda and Sagua.

The captain has ordered the demolition of all houses inside the cultivation zone. This is on the theory that the peasants will remain at night in the blockhouses and remove their families to the towns. In this way, says General Weyler, the regulars will not be exposed to the risk in case of insurgents aggressing of shooting women and children.

Five well known merchants have been fined \$500 each for issuing fractional scrip without authority.

Admiral Navarro has left by the cruiser Legazpi for the north coast of the island.

VOORHEES LAID TO REST.

Last Obsequies Over the Remains of the Distinguished Statesman.

TERRE HAUTE, Ind., April 16.—The funeral of ex-Senator D. W. Voorhees took place yesterday afternoon from St. Stephen's Episcopal church, Rev. John E. Sulger, the rector, officiating. This is the church in which he was confirmed a number of years ago and which he has attended when here.

During the two days the remains were here, the funeral having been delayed awaiting the arrival of his eldest son, Charles S. Voorhees of Spokane, Wash., they have lain in state in the parlors of the Terre Haute House, which he has made his home since he broke up housekeeping a number of years ago. A steady stream of people has passed through the flower-embroidered room and looked upon the face of their dead friend. All classes and conditions of people have been represented.

During yesterday afternoon all places of business in the central part of the city were closed. The public and private schools were dismissed and the whole town united in doing honor to the memory of its distinguished son.

Senator Voorhees was a Mason and the various Masonic lodges participated in the funeral exercises, while the city council and many civic and military organizations followed his remains to the grave in Highland Lawn cemetery, where he was laid to rest beside his wife, who died several years ago.

Governor Mount, ex-Governor Matthews and many distinguished men from all over Indiana, were present, while from the towns nearby delegations came by the hundreds, for in all these towns he was almost as well known as here at home.

The funeral was the most impressive that ever took place in the history of this city. Among the honorary pallbearers were Colonel R. W. Thompson and Hon. W. R. McKee.

A WELLDIGGER'S HEROISM.

Perils His Own Life While Trying to Save a Friend.

CRAWFORDSVILLE, Ind., April 16.—Great heroism was displayed by Ed Reynolds, a welldigger, yesterday afternoon. His partner Rick Bennett, was overcome with fainted while in a well and Reynolds, after shouting for help, lowered himself into the hole and endeavored to preserve the life of Bennett, at the imminent peril of losing his own.

After some time help arrived and Reynolds fastened the lowered rope around Bennett's body first, although he was fainting from the deadly damp. Bennett was dead when pulled out, and Reynolds stayed conscious only long enough to fasten the noose around his own body. He now lies at death's door.

A Lively Den of Snakes.

ENGLISH, Ind., April 16.—During a log rolling on the farm of Patrick Walsh, near Sodom, a large rattlesnake was observed crawling from underneath a large log which had been slowly burning for two days. Upon removing the log from its bed, 78 rattlesnakes, four gartersnakes, four green snakes and one blacksnake were discovered. The blacksnake measured 4 feet 7 inches, while the rattlers varied in length from 14 to 39 inches. More than half of them had no rattles.

Murder in the First Degree.

GEORGETOWN, Del., April 16.—James M. Gordy has been convicted of murder in the first degree for the killing of his wife, Mrs. Mary Estelle Lewis of New York, by throwing her into the Broadkill river at Milton, Del., on March 11. The finding is generally approved, indignation against the prisoner running so high that yesterday it was feared an attempt to lynch him would be made. Gordy was visibly affected, but made no demonstration.

Buying Horses For the British Army.

MARION, Ind., April 16.—A carload of horses from Grant county has been purchased for the British artillery service. Noah Wilhelm, a stockbuyer from Upland, has been securing horses for Al Hiatt of Hartford City, who has a contract with the British government to furnish 6,000 horses. The order says that the horses are to be shipped as soon as possible. Hiatt has a number of buyers out in this and adjoining counties.

Verdict in a Murder Case.

PLYMOUTH, Ind., April 16.—The jury in the Potters murder trial returned a verdict of guilty, sentencing the murderer to prison for life. Sutherland's guilt was established on the first ballot, and 14 hours were spent in determining the punishment. The attorneys for the defense have filed application for a new trial on the ground of suppression of evidence by the state. The verdict meets with general approval.

Toenail Works Mischievous.

BEDFORD, Ind., April 16.—John T. Jackson, east of this city, is in a precarious condition. About one year ago he had gangrene in his foot, resulting from an in-growing toenail, and the foot was finally amputated. Mr. Jackson apparently recovered, but recently gangrene reappeared in other parts of his body, and he is now in a condition of delirium, with seemingly no hope of recovery.

Victim of the Cigarette.

LOGANSPORT, Ind., April 16.—Walker Green, 18 years old, son of W. H. Green, a Panhandle engineer, is dead of cigarette poisoning. He was an exceptionally bright student in high school, and had shown much talent as an artist. He smoked to excess and his companions often remarked that he never lost a puff, inhaling every bit of the smoke.

SUFFERING RELIEVED

The Flood Situation Not Quite So Critical.

GOVERNMENT AID JUST IN TIME.

Twenty-Two Thousand People Are Now or Soon Will Have to Be Fed by the Hand of Charity, in Addition to Three Thousand Head of Live Stock—One More Person Drowned.

MEMPHIS, April 16.—While the condition of the affairs in the overflowed Mississippi delta is reported brighter, the situation between Vicksburg and New Orleans is causing the greatest apprehension. The river continues to rise in the Louisiana levee district and weak spots in the levee are being strengthened and watched day and night.

O. C. Stubblefield, the county correspondent for the agricultural department of the United States government at Indol, Miss., says the suffering in Sunflower county, which forms part of the delta, has been greatly alleviated and that much of the county now is dry. Farmers are busy plowing and planting cotton, and if matters grow no worse, that county will not require any assistance from the government.

Statistics of the number of flood sufferers in Bolivar county have been compiled by a committee appointed to look after the distribution of the government provisions. They show 22,000 people who are now or soon will have to be fed by the hand of charity, in addition to 3,000 head of live stock.

The water at Rosedale has not receded.

The first train that has entered Clarksdale for many days has arrived there. Trains are also being run from Clarksdale to Minter City and Philip, and from Lumb to Jonestown. The officials of the Yazoo and Mississippi railroads are doing all that can be done to open the line further to the south, and it is thought trains will be run as far south as Cleveland within a short time.

At Greenville the river remains stationary, the gauge reading 44.6 feet.

The weather throughout the delta is clear and pleasant.

Hon. A. J. Aldridge, one of the most prominent planters of the overflowed delta who resides near Arcola, says nearly all the laborers of his section will be cared for by the landowners and he is strongly of the opinion that the government relief will tend to demoralize labor.

The river reports at Greenville for the past three days have given the people new hope and courage. The water may possibly recede by May 10 and if so a good crop may be made.

At Helena the situation is unchanged. At a large meeting of the property owners of the city yesterday it was decided to begin the erection of a new levee around the city.

At Memphis the river rose one-tenth of a foot in the past 24 hours. An additional slight rise is looked for.

AFFAIRS AT NEW ORLEANS.

No Break Yet but, the Water Gauge Is Being Closely Watched.

NEW ORLEANS, April 16.—The closest attention is being paid to the river gauge and its fluctuations are noted by interested parties. It ranges from 18.7 to 18.9 according to the conditions of the wind. While there is no uneasiness felt locally, by reason of the present high water yet much inconvenience commercially is being experienced on the river front, merchandise of all descriptions calling for protection against damage by water.

The local ferries are also in straits to maintain regular service, and the situation altogether may be pronounced not alarming but decidedly perplexing. The authorities are doing everything in their power to relieve the present emergency strain, but it is thoroughly comprehended that there is little to be done except to wait for further developments and be ready to cope with any trouble that may possibly arise.

One More Drowned.

ROSEDALE, Miss., April 16.—The water is stationary here. Another drowning has occurred on Mr. F. M. Scott's place, north of here. Mary Robinson, a colored girl of 14, was returning from a visit to her sister in a canoe, when the frail craft sank in eight feet of water. Clint Dunwoodie, who was with her, saved himself by swimming. This makes the sixth victim saved by the flood in two weeks in this vicinity. The body of Charley Claxton, who was drowned on the Night's Place, on the 2d, has been found in a drift pile. The body was standing upright in the water.

Another Crevasse.

THIBODEAUX, La., April 16.—A crevasse has occurred at Leon Rabins, one mile below La Fourche Crossing, West Side. It will inundate the section between Bayous La Fourche and Terre Bonne from Prices Acadia plantation to the gulf. The water has fallen 15 inches at Thibodeaux in the past six hours.

DOINGS OF THE SENATE.

The Uncompahgre Indian Reservation in Utah Opened to Public Entry.

WASHINGTON, April 16.—The senate spent the day considering the Indian appropriation bill, but did not complete it. Early in the session the proceedings were made executive, and when the doors were again opened to the public the Indian bill came up.

The pending question was on the

committee amendment opening the Uncompahgre Indian reservation in Utah to public entry.

Mr. Jones of Arkansas withdrew the point of order he had made and on a yeas and nays vote the amendment was agreed to, 33 to 13. The amendment is as follows:

"That the mineral lands of the Uncompahgre Indian reservation in the state of Utah are hereby open to public entry under the mineral land laws of the United States and no person shall be allowed to make more than one claim on lands containing gilsonite. And on and after Jan. 1, 1898, all of said reservation unallotted to Indians shall be open to public entry under the land laws of the United States."

The Indian bill was not completed when, at 5 o'clock, the senate adjourned to Monday.

VERY SUDDEN DEATH.

Judge James J. Sterrow Drops Dead in the Congressional Library.

WASHINGTON, April 16.—Judge James J. Sterrow, a lawyer of Boston, dropped dead while at the congressional library yesterday evening. Mr. Sterrow had just returned to the city from a visit to Old Point Comfort, Va., where his wife now is. The body was taken to the residence of Hon. Gardiner G. Hubbard. The deceased was about 60 years of age.

Judge Sterrow took an important part in the proceedings incident to the arbitration treaty between the governments of Great Britain and Venezuela for the settlement of the boundary line dispute. He was appointed special counsel by the Venezuelan government to represent it, and his brief was considered one of the clearest and best presentations on the boundary question that was prepared.

After Minister Andrade and Sir Julian Pannecote had agreed on the terms of a treaty Mr. Sterrow accompanied the former to Venezuela when the treaty was presented to the president of that country. The deceased returned to the United States with Mr. Andrade and since then spent most of his time in Washington. He appeared to be in good health and his sudden death was a great shock to his friends.

MRS. ELIZABETH TILTON DEAD.

Her Demise Kept From the Public Almost Up to the Time of Burial.

NEW YORK, April 16.—Mrs. Elizabeth R. Tilton, the wife of Henry Ward Beecher's accuser, died on Tuesday last at her home in Brooklyn. The news of her death was not made public until yesterday. Since the famous Beecher trial she had lived in strict retirement. In recent years she had shared her home with her widowed daughter. Even the fact of her death was kept secret, and there are no external signs of mourning about the house where her body lies.

Theodore Tilton, her husband, is in Paris, where he has lived ever since the Beecher trial.

For a long time Mrs. Tilton was almost totally blind, but less than a year ago she underwent a difficult operation and regained her sight. Then, about a month ago, she suffered a paralytic stroke, from which she was slowly recovering when, in the latter part of last week, she was again stricken.

The funeral services were held last night. Few were admitted to the house. Malachi Exeter, a preacher of the Plymouth Brethren, to which sect Mrs. Tilton belonged, officiated. The interment took place today.

Notorious Moonshiner Captured.

ATLANTA, April 16.—Harris Bramlett, the most noted moonshiner who ever made blockade booze, has been captured and brought to Atlanta for imprisonment. Bramlett has been identified with some of the bloodiest taggeries ever enacted on the hills of north Georgia, and has made as much whisky as any 10 other moonshiners living. He was the leader of the famous band of White Caps that terrorized north Georgia, and the same gang that shot a volley into the body of Henry Worley in his cornfield two years ago. Worley was killed for being an informer on the gang.

Five Men Badly Burned.

PITTSBURG, April 16.—While tapping a blast at the Republic iron works on the South Side yesterday, the molten metal boiled over into a pit of water, causing an explosion. Five men were badly burned, two of whom will probably die. Their names are: Dennis Mahoney, recovery doubtful; James Reilly, recovery doubtful; Martin Kiniski, Stanley Persovar and John Morton. The damage to the mill property was small.

Woman's Execution Postponed.

WASHINGTON, April 16.—Judge Harlan has allowed a writ of error in the case of Elizabeth Nobles of Georgia, who is under a sentence of death on the charge of murder and was to have been hanged next Friday. It was represented by Mrs. Nobles' counsel that she is insane. The allowance of the writ will operate as a stay of proceedings and will insure postponement of the execution.

A Priest Accidentally Asphyxiated.

READING, Pa., April 16.—Father Philip Eeresford, rector of St. Joseph's Catholic parish, was found dead in bed in the paragonie adjoining the edifice yesterday. Death was due to suffocation from illuminating gas. His age was about 60 years. The gas was discovered pouring from a jet, partly turned on. The supposition is that death was the result of an accident.

MADISON, Ind., April 16.—Captain J. L. Hartley, engineer of the Eagle cotton mills, injured by an explosion of the cylinder, died yesterday.

TRYING TO ARBITRATE

The Strike in Cleveland Is Still On.

INJUNCTION AGAINST STRIKERS.

Police on Guard at the Consolidated Steel and Wire Company's Works. Village Destroyed by Fire—Mine Closed by a Landslide—Freight Train Wrecked. Other Ohio State News.

CLEVELAND, April 16.—Secretary Joseph Bishop of the state board of arbitration is trying by every means in his power to bring Superintendent Baackes of the Consolidated Steel and Wire company to a frame of mind where he will consent to withdraw the injunction which was obtained against the strikers last Monday. Superintendent Baackes has said he had nothing to discuss in regard to the matter for the matter was entirely in President Edenberg's hands.

Policemen are on guard at the Consolidated works but no trouble has yet occurred. The strikers gather in groups on the streets away from the works, but do not interfere with any man who goes to work in the mill.

Village Destroyed by Fire.

FREMONT, O., April 16.—The business portion of Lindsey, a village eight miles west of Fremont, on the Lake Shore, was destroyed by fire yesterday morning. The postoffice, Brennen's drugstore, Bowersox's grocery, Boyer's meat market, Fought's shoestore, Hall's barber shop, Wood's grain and produce exchange, G. A. R. hall council room and several other structures were destroyed. The loss will aggregate \$15,000, two-thirds of which is insured. There is no fire department in the village and it was only by hard work that the villagers saved the town from complete destruction.

Train Wrecked by a Landslide.

ALLIANCE, O., April 16.—While a freight train was passing through a cut on the Cleveland and Pittsburg railroad near East Rochester, 10 miles south of here, yesterday, a large section of dirt and rock became loosened and fell on the train. Ten cars were derailed and with contents destroyed. Fortunately the engine just got by the landslide or the engine crew would have been killed. Traffic was blocked six hours.

Mine Entrance Caved In.

BELLAIRE, O., April 16.—The hill immediately over the mouth of the Yorkville mines, seven miles north of this city, gave way yesterday, and 7,000 tons of rock and dirt crashed down, completely closing up the entrance and breaking down the archway for 100 feet. A driver named Jeffery was entombed, and was not rescued until several hours afterward.

Electrocution Machinery Ordered.

COLUMBUS, O., April 16.—Warden Coffin has ordered a new armature from Fort Wayne, Ind., to be used exclusively for electrocution purposes. It will cost \$375. The new machine will arrive in time for a thorough test before the execution of Haas and Wiley, and after that event will be stored away for future use.

Burglar Anderson Doomed For Life.

COLUMBUS, O., April 16.—County Prosecutor Dyer has secured the prison record of Burglar Jim Anderson. It shows two terms to his credit. This will make him an habitual criminal when convicted of the crime for which he is now held, and he will be sent up for life.

Young Woman Fatally Killed.

PORTSMOUTH, O., April 16.—Miss Jennie Feurt, a prominent young lady of Franklin Furnace, this county, and daughter of County Commissioner Feurt, was probably fatally injured yesterday by being kicked by a vicious horse.

Murder Trial Postponed.

WILMINGTON, O., April 16.—Owing to the continued illness of John J. Skimmings, a juror in the Harvey trial, the case was continued until the next term of court, which begins May 10.

FIVE PRISONERS ESCAPE.

They Dug Through a Brick Wall with a Piece of Iron.

PARKERSBURG, W. Va., April 16.—Between midnight and daylight yesterday morning five prisoners confined in the jail here made their escape. There is mystery as to how they got out of their cells, as they had to unlock the combination lock, out of reach, then two padlocks and then move the release bar.

From the vestibule part they dug through a brick wall with a heavy piece of iron. It is supposed they had assistance from the outside.

The jailer claims he locked them securely the previous night. All five, Lee Oakes, Jeff Dobbins, William Robins, J. W. Cain and Charles Sandy, are charged with felonies. No trace of any of the prisoners has been found.

NEW YORK, April 16.—A dispatch to The Herald from Buenos Ayres says: The director of the observatory at Cordoba has observed the Perrine comet. It lies in south latitude about the 78th degree. The director of the observatory will calculate its exact position. This comet was discovered by Mr. C. D. Perrine at the Lick observatory in California on Dec. 8, 1896.

JAMES H. SALLEE.INDICATIONS.—Threatening weather,
with occasional showers; warmer; fresh
southwest windsThe Fleming Gazette (Republican) re-
fers to Captain Noel Gaines as "a Brad-
ley cuckoo." The Gazette seems to be
on to the Governor.The total of delinquent taxes in Chi-
cago this year is nearly seven millions of
dollars and in Cook County \$15,000,000,
the biggest delinquent list ever known at
that place.It has already cost the State about
\$75,000 to try to elect a United States
Senator. It would be a good plan to let
the people elect Senators hereafter.
They could do it with better satisfaction
and at less cost.The Kentucky House by an almost
unanimous vote passed the bill appropri-
ating \$75,000 for a sewer from the
Lakeland Asylum to the Ohio river.
What seems to be needed now is a big
sewer to drain Frankfort.More than 55,000 applicants for ap-
pointment as postmasters were received
during the first month after McKinley's
inauguration. With such a hungry
horde clamoring for "pie," no wonder a
loud cry goes up for the abolition of
some of Cleveland's civil service orders.The lawless spirit manifested in many
Kentucky counties will result in more in-
jury to the guilty parties than to any one
else. They may destroy tollgates, but
eventually they will have to foot the bill.
And in the mean time they will find
their real estate, if they own any, worth
much less than it would bring in a law-
abiding community.UNQUESTIONABLY, a county ought to be
held responsible in damages for the de-
struction of property by lawless mobs of
turnpike raiders, and we believe the
owners of the roads would win if the
courts should ever be called upon to set-
tle the question. What then in the end
will these mobs gain? Eventually the
roads will have to be paid for, as well as
the gates and other property that have
been destroyed, and the money for all
this will have to come out of the taxes.
If turnpikes are made free the people will
have to pay for them and then pay for
keeping them up. Lawless mobs can't
confiscate the property of any one.

Something to Know.

It may be worth something to know
that the very best medicine for restoring
the tired-out nervous system to a healthy
vigor is Electric Bitters. This medicine
is purely vegetable, acts by giving tone to
the nerve centers in the stomach, gently
stimulates the liver and kidneys and aids
these organs in throwing off impurities in
the blood. Electric Bitters improves the
appetite, aids digestion, and is pronoun-
ced by those who have tried it as the very
best blood purifier and nerve tonic. Try
it. Sold for 50c. or \$1 per bottle at J. J.
Wood's drug store.

Three Gates Destroyed.

OWINGVILLE, Ky., April 14.—A gang
of armed men destroyed three toll-gates
in this county last night. One of the
gates was on the Maysville and Mt. Ster-
ling turnpike, near Bethel; one on the
Owingsville and Sherburne pike, not far
from the latter place, and one on the
Bethel and Buzzard's Roost pike, near
Bethel.All these gates are in the northern part
of the county, very near the line of Nich-
olas and Fleming counties.The gang made Joe Gates, one of the
gate-keepers, cut down his own gate.

other matters attended to.The association is planning for a spec-
ial Easter song service for the rally Sun-
day afternoon. Rev. H. H. Hibbs, who
is assisting the pastor in the protracted
meeting at the First Baptist Church, will
deliver an address at the rally.

Notice.

All members of the A. O. H. will re-
ceive holy communion in a body Easter
Sunday morning at the 7:30 mass. They
are requested to meet in the basement of
the church at 7:15.

THE LATE ADDISON WHITE.

The Chronicle of Denton, Texas, Tells of
His Death—A Tribute to De-
ceased.

[Denton Chronicle, April 9th.]

Mr. A. P. White, who came to this
city from Maysville, Kentucky, about
the first of the year, died Wednesday
evening at 8:25 at the home of his cousin,
Mr. H. R. Groves. His remains were
sent back home for burial. Mr. White
was taken sick a week ago, and on Mon-
day Drs. Inge and Lipecomb performed
an operation for appendicitis from which
he never rallied.He suffered intensely, but bore the
pain with remarkable fortitude and
Christian resignation. Just before his
death he dictated letters to be written to
his father, mother, brothers and sisters.
They were said to be very touching and
full of affection. He was conscious to
the last.Mr. White was a pure and honorable
Christian gentleman, cultured and intel-
ligent, and very thoughtful and unselfish.
Honest as the sun, he had confidence in
others, and his bright, sunny nature was
incapable of falsehood or deceit, and he
made friends of all who knew him. We
had known him in a business and in a
social way, and have met no young man
who made a more favorable impression
as an honest, upright business man and
a genial associate.Mr. White had been for many years a
member of the Christian Church, and
died full of faith and hope of a happy en-
trance into the Heavenly Home. To his
friends and relatives we extend our heart-
felt sympathy in their great loss.

THE LATE MRS. M. WORTHINGTON

A Deserved Tribute to Deceased From the
Editor of the Carlisle Mercury.In mentioning the death of the late
Mrs. M. Worthington, the Carlisle Mer-
cury pays her the following tribute:
"The editor of the Mercury desires to
express his sympathies for the family of
this good woman. She was one of the
best women we have ever known. Her
great heart was full of love for her family
and friends, and no stranger was ever
turned from her door hungry. Her home
was always a delightful place to
visit, and, with the aid of an indulgent
husband, her board was always spread
with good cheer, and scarcely a meal was
ever eaten by the family alone. She was
faithful to her church and her family,
and filled to fullness the measure of a
loving daughter, sister, wife, mother and
friend. Surely more could not be said to
her praise, and surely a richer heritage
could not be left her loved ones. May
the consolation of a life well spent, and
sure reward in the future, comfort and
console those who are called upon to suf-
fer."

Leaf will hold an open session Sunday
afternoon, April 18, at 2 o'clock at Hebron
Church, for the benefit of the Belle Bennett
chair. The friends are cordially invited
to attend, and all contributions thank-
fully received.DURING the meeting at the Third Baptist
Church, in Owensboro, just closed,
206 people were received in the fellowship
of the church. This is the largest num-
ber ever taken into a church in Owens-
boro, says the Messenger, as the result of
a meeting held by a single church. Of
the 206 new members, an even 100 are
men and boys, while 106 are women and
girls. There are 141 candidates for bap-
tism, thirteen were received by restora-
tion, having once been excluded from
Baptist Churches, and fifty-two were re-
ceived by letter.Brief mention was recently made of
the death of Mrs. Christ. Altmeyer, of
Wheeling, a sister of Mrs. Phoebe Land-
graf, of this city. The Wheeling Register
says of her: "It is seldom that the death
of a woman in her walk of life, occasions
so many expressions of sincere sorrow.
She had a host of warm friends, to whom
she endeared herself by her genial com-
panionship, and she was respected and
esteemed by all who knew her, on ac-
count of her many admirable traits of
character. She was a devout Christian,
a convert to the Catholic Church. She
was in poor health and suffered much,
but she bore her trials with Christian
patience, always cheerful and uncom-
plaining. While religious and charitable
principles were deep-rooted in her, they
were not made the subject for ostenta-
tious display. Her life was a model of
simplicity and devotion to duty. The
funeral was very largely attended. The
remains were taken to the Church of the
Immaculate Conception, where requiem
mass was celebrated by Rev. Father
Mullen, who preached a thoughtful ser-
mon. The interment was made in Mt.
Calvary Cemetery."

PERSONAL.

SAME OLD STORY.

No Senator Elected Yet--Hunter's Case Hopeless--Doings of the Law Makers.

The joint ballots at Frankfort yesterday showed little or no change practically from those previously taken. Hunter, the Republican caucus nominee, still lacks two votes to win. His case is regarded as a hopeless one, but his friends declare he will not get out of the way for any one else.

The Franklin grand jury is still investigating the charges of bribery. Senator Clarke testified before the jury that he saw Hunter with a man looking like Tanner going in the direction of the bridge toward Gaines' house the night Hunter was said to have gone to Gaines' house. Mrs. Joe Lewis is said to have identified Hunter as the man she saw go into Gaines' house. It is said Judge Cantrell will require the jury to make some sort of a report in the matter at an early day.

The Senate passed the Senate substitute for the House bill allowing assistance for the Court of Appeals. Instead of providing for four stenographers at \$1,000 a year, the Senate substitute appropriates \$6,000 annually for law clerks.

The Senate passed Senator Carpenter's bill amending the school laws and providing the manner of changing the boundaries of the graded common school districts.

In the House Representative Hiles presented a petition from the citizens of Bracken County protesting against the passage of the county funding bill (renewing railroad bonds).

The House killed the bill forbidding the testifying of convicts in courts of justice, by an adverse report of the committee.

Representative Howard introduced House bill 101, amending the criminal code of practice so as to allow convicts to testify in criminal cases only where the offense is committed within the walls of the penitentiary.

Mr. Catron introduced a bill amending the revenue law and changing the time requiring corporations to report from after September 15 to after December 31 and not later than March. The bill gives distillers longer time.

The county funding bill was re-committed to the Committee on Judiciary after a long discussion.

The most important bills to be passed by the General Assembly have now gone through the House. The passage of the bill raising the rate of revenue to 52 1/2 cents on the \$100 for three years, and then to be reduced to 47 1/2 cents, is the bill of all bills that the session was called to pass. It was urged by some that the permanent rate of 47 1/2 cents would be more than adequate for the State when the revival of the valuation of property is reached.

The bills to borrow \$500,000, pay off interest on the warrants, borrowing of money by the asylums, and all revenue bills have now passed the House.

The mob law bill is the most important yet pending. There will be other measures introduced on this subject.

The Discovery Saved His Life.

Mr. G. Cailhouette, druggist, Beaverville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

Bush-Moran Nuptials.

The marriage of Mr. David Bush, of Ashland, and Miss Jennie Moran, of this county, was solemnized Wednesday evening at the Lawrence Creek Christian Church.

The bride is a daughter of the late Mrs. Cornelia Moran, and is one of the county's most estimable young ladies. The groom is a merchant of Ashland.

Entertainment at the Court House.

The entertainment to be given to-morrow night by Mr. R. M. Caldwell and others will be given at the court house instead of at the Christian Church as first announced. An interesting program, embracing musical selections, recitations and pantomimes in Grecian art, will be rendered.

Executor's Notice.

Dr. C. C. OWENS performed a delicate surgical operation Wednesday on the wife of Thomas Hopper, colored, of the Sixth ward. She had been suffering for some time from cancer of the breast. The operation consisted in the complete amputation of the breast, and was a very successful one. The patient suffered but little from the shock, soon rallied and is getting along nicely. Dr. Owens was assisted by Drs. Reed and Adamson, of this city, Dr. Davis, of Mayslick, and Dr. M. D. Fitch, of Tollesboro. The cancer was the largest growth of the kind any of the physicians had ever seen.

The full intensity of life is reached only by the perfectly healthy. Sickness discounts the capacity for enjoyment. If his body is all out of order and run-down, he will not be able to enjoy anything, no matter how full of enjoyment it may be for other people. If he is just a little bit out of order, if he "is not sick, but doesn't feel just right" he will only be able to enjoy things in a half-hearted sort of way. The nearer he is to being perfectly well, the nearer will his capacity for enjoyment be perfect. If this condition doesn't exist, something ought to be done. That means blue caves in ten the use of Dr. Pierce's Golden Medical Discovery. It works directly on the digestive organs, and on the blood and through these on every tissue of the body. It makes the appetite good, digestion and nutrition perfect and supplies rich, red blood to all the tissues, building up solid, healthful flesh.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser" profusely illustrated.

Dead Body Found.

ERIE, Pa., April 16.—The dead and badly decomposed body of G. J. Strand of Shell Lake, Wis., was found lying in the woods a few miles from the lake shore, near Fairview yesterday. The body had on it \$77, a railroad ticket from Chicago to New York under date of Feb. 20. The indications are that death was the result of suicide.

Congressman Holman Better.

WASHINGTON, April 16.—Representative Holman of Indiana, who has been ill with an attack of stomach trouble for the past 10 days, is reported better. He is still quite weak, but is able to again take solid food. There is nothing alarming in his condition, though it will be some days before he can resume his duties at the Capitol.

McKinley Delays His Trip to Nashville.

WASHINGTON, April 16.—President McKinley has decided that he would be unable to attend the Nashville exposition on the opening day, May 1, but will formally notify the authorities that he will visit the exposition after the adjournment of congress.

TURKISH MINISTERS IN COUNCIL.

If Fresh Frontier Incident Occurs Turkey Will Assume the Defensive.

CONSTANTINOPLE, April 16.—For three day past the ministerial council has been in session at the Yildiz Kiosk. According to one report the ministers have failed to arrive at any decision, but another account says the council has agreed upon a plan of campaign in the event of an outbreak of hostilities between Greece and Turkey and that the ministers also decided that, if a fresh frontier incident occurs, Edhem Pasha the Turkish commander-in-chief, is to assume the offensive.

Advices received here from Salonica say that the authorities are arming the Bashi Bazouks there and at Janina, in Albania.

In the meanwhile negotiations continue with the representatives of the powers here to determine the basis of Cretan autonomy.

Austria Will Take No Part.

VIENNA, April 16.—It is said here on reliable authority that the Emperor Nicholas has declared that nothing now remains but to abandon Turkey and Greece to their fate and leave them to measure strength. His majesty is reported to have added emphatically that if Turkey now declared war it would be exclusively due to the provocation offered by Greece. Greece would be regarded in Austrian official circles as the actual assailant.

BIG FIRE IN NEW ORLEANS.

Nearly Half a Million Dollars' Worth of Property Destroyed.

NEW ORLEANS, April 16.—One of the most picturesque business structures in the city, known as the Moresque block, owned by Gauch & Sons, was totally destroyed by fire yesterday afternoon, entailing a loss of upwards of \$400,000. The Moresque building occupied one entire block, bounded by Camp, Poydras and church streets and Lafayette square and its walls were built entirely of iron, in a design known as the Moorish.

The Montgomery Furniture company and Gauch, Sons & company, crockery merchants, were the tenants of the building and both firms carried full stocks. The fire is supposed to have originated in the top floor of the Montgomery section. In a twinkling the flames were observed to shoot out of the windows and later from the roof and a general alarm called the entire fire department to the scene.

The heads of the fire department saw quickly that the Moresque building was doomed and the efforts of the firemen were directed to keeping the flames from spreading to adjacent property. In this they were only partially successful, for two newspaper offices, The German Gazette and the Evening Telegram, were completely gutted, their contents being destroyed, and several stores were also a prey to the devouring elements. Adjacent dwelling houses and business properties were also damaged more or less by water.

RUSH AFTER THE SAMARIA.

It Is Believed That the Vessel Has Gone to the Bottom of the Sea.

SAN FRANCISCO, April 16.—The revenue cutter Rush will be sent in search of the missing ship Samaria. The Samaria left Seattle for this port 25 days ago and has not since been heard from.

The Alcade, which left Seattle simultaneously with the Samaria, arrived in this port April 2. The Alcade's master says that on March 25 he encountered a terrible southeast gale, and after being in company with the Samaria four days the vessels unintentionally separated. The Samaria was laden so deep in the water that the seas broke over her and she wallowed badly in the trough of the sea.

The Alcade had hard work saving herself, and only escaped from the fury of the storm by throwing out oilbags, which moderated the force of the sea immediately about her. On the following day the weather moderated, but there was no sign of the Samaria. Much wreckage was drifting about, entangled in which the Alcade's officers saw a set of ship's steps and a corpse. The Alcade's captain is confident that the Samaria and all her crew are at the bottom of the sea.

Fruit Importer Shoots Himself.

MOBILE, Ala., April 16.—Hon. J. Leonard Mueller, general manager of the Snyder Banana company, shot and mortally wounded himself in his private offices on Commerce street yesterday. He was one of the best known fruit importers in the country. At the late municipal election he was elected alderman. In letters to relatives and friends, nervous prostration was alleged as having induced the attempt at self-destruction.

Sawmill Plant Burned.

TEXARKANA, Ark., April 16.—The big sawmill plant of the Canfield Lumber company at Canfield, Ark., was completely destroyed by fire last night. Estimated loss, \$50,000; insurance, \$20,000.
